Avoid these so-called wines, cordials and extracts of cod liver oil that are prepared for the taste only, contain none of the value of cod liver oil and which contain a large percentage of alcohol. Scott's Emulsion has been the reliable cod liver oil preparation for over a quarter of a century.

CITY COUNCIL MEETING.

Bond Election Called and Bicycle Riders Warned.

An ordinance calling the city bond election was introduced at a meeting of the Council Monday evening and will be regularly adopted Monday evening next. It will be published and should be studied by every property owner within the corporation. The ordinance provides a bond issue of \$100,000, of which sum \$65,000 will be devoted to grading and paving with asphaltum A and Main streets and macadamizing a large number of the side streets of the city, and \$35,000 for renewing and extending the city's system of water mains. The election is called for September 14th. The ordinance was introduced by Walker and passed on his motion seconded by Littlejohn.

Complaint was made about the unsanitary condition of the property of Mrs. Sampson on Second street and that of Mrs. Welch on Eighth street and steps were ordered taken to have both properties connected with the sewer.

Notice was also given that after Thursday, the 18th instant, the Marshal shall take steps to enforce the ordinance prohibiting the riding of bicycles on the sidewalks.

The Treasurer reported a balance of \$2519.25 in the general fund and claims were ordered paid as follows:

Table with 2 columns: Name and Amount. Includes Redwood City Water Company (\$339.54), United Gas and Electric Co. (\$284.10), C. L. Goulet (\$85.80), J. C. Dickey (\$75.00), John Christ (\$69.00), Craze & Co. (\$61.75), James P. Coleman (\$40.00), D. E. Stanford (\$35.75), Archer Kincaid (\$25.00), R. C. Holmquist (\$24.15), W. O. Lodge (\$18.80), J. V. Swift (\$12.00), D. E. O'Keefe (\$9.00), William Fryau (\$9.00), Henry S. Gilbert (\$6.00), John Curran (\$2.00), Gus Stalter (\$1.50), A. D. Walsh (\$1.00), Telephone Company (\$1.00).

CHAUFFEURS COME TO GRIEF.

Fined Fifty Dollars for Exceeding Speed Limit.

Harold B. Larzeler and H. E. Sohner, the two chauffeurs who one night last July ran into a vehicle belonging to Clarence Hill of Menlo Park, were tried before Judge Hannon Tuesday and found guilty of violating the county ordinance prohibiting fast driving. They were fined \$50 each and both young men paid the money, subject to an appeal to the Superior Court.

Thomas Cochrane, James Tobin, Robert Carlson and James Commerford, who were with Mr. Hill when the collision occurred, testified that they attended the Eagle's lodge that evening and on returning to Menlo Park at 11:30, they saw the motor car turn the corner at the Fair Oaks golf links and was approaching with great speed, and at the Redwood City Nurseries the automobile ran into their rig, notwithstanding it was well on the right side of the road. All the witnesses claim that the machine was going at the rate of 30 miles an hour and was on the left side of the highway. They were subject to a rigid cross-examination by Attorney Otto tum Suden, but they were not shaken in their testimony.

Harry Holbrook, who was a guest of Mr. Larzeler's on the trip, testified that the night was very dark and he cautioned the man at the wheel to go slow. They were going at a low rate of speed and was positive the team driven by Hill ran into the automobile. Larzeler and Sohner, who are employees of the Pacific Motor Car Company, testified that the car was going at the rate of 6 or 7 miles an hour when it was run into by the team. They both claimed they did not know the owner of the machine. It had been sold two or three times. All efforts on the part of District Attorney Bullock to have the young men disclose the ownership of the auto proved futile.

Mr. Hill, who was severely injured, is still at a sanitarium at Livermore. It understood a damage suit will soon be instituted against the parties owning machine.

A writer from the Los Angeles Times tells us love is a peculiar sensation around the heart that cannot be reached from the outside, but a cold draught of Mrs. Goldsmith's Ice Cream Soda will greatly allay this trouble.

Will Reclaim Marsh Land.

A dredger is working on the bay shore near here throwing up mud which is being formed into a dike by a gang of Japanese who are working for Whitney, Hearst, and the other capitalists, who own most of the marsh land of this county. All of the creeks will be diked and many thousands of acres reclaimed.

To facilitate the work the dredger throws up a dam across each creek so that tide each day does not stop the work. The land thus reclaimed is very valuable and will produce immense crops even from the first planting. It is said that all of the marsh land near Redwood Creek to San Mateo will be diked in. The work with the present force of men will require fully three years for completion. Near San Mateo 4000 acres of the reclaimed land produced 8000 sacks of oats which is a large yield. With the many thousands of acres which will now be utilized this county will increase greatly in wealth.

Silk Worm Industry.

Frank Macchi who owns twenty acres of land in the Sweeney tract near town has been experimenting for some time in raising silk worms and has been very successful. This week he exhibited several banks of fine silk produced from cocoons at this place. Mr. Macchi understands the business thoroughly having had a wide experience in Italy. He says that no where in the world are the conditions for raising silk worms and the production of silk better than in the Santa Clara valley. The climate here contends is very favorable while the soil for raising the mulberry tree which the worms feed on is excellent. In fact every condition is propitious for this industry. Mr. Macchi sees big profits in this industry for the one who will launch into it. He is making an endeavor to interest the State Board of Trade to the extent that it will make experiments and encourage the industry.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Monday's Meeting.

Hearing on Cemetery Matter Again Postponed—More New Bridges.

The Board of Supervisors met in regular session Monday, all the members being present.

Antone Buelna, aged 68 years, and a resident of the Third township, petitioned the Board for support. Owing to old age and enfeebled health, he is unable to support himself. McEvoy explained that the applicant met with an accident recently in going over the summit of the mountain and was incapacitated from earning a livelihood. He thought the applicant a worthy object for assistance and on his motion, seconded by Eikerenkotter, the applicant was allowed aid in the sum of \$8 per month from August 15th.

A number of petitions from Colma were received asking the passage of the ordinance limiting the establishment of cemeteries excepting within certain limits. Attorney Henry Ward Brown said he was ready to proceed, but Charles L. Patton, the attorney for the other side, asked him to request a postponement for two weeks.

Chairman Coleman asked if it would not be just as well to continue it for one month, as the next meeting will be a very busy one.

Mr. Brown said the reason that he wanted the matter heard as soon as possible was that there is a well-defined belief among the citizens of Colma that another cemetery is about to be located in the Abbey Homestead, still closer to the town of Colma, and the people believe the question should be decided as soon as possible. "It may be," said he, "that the Board will decide against including the Masonic cemetery within the limits and in that case we will be compelled to go into the courts to determine our rights."

R. S. Thornton of Colma urged that the matter be taken up at once, explaining that too many delays were already had. The Chairman called Mr. Thornton to order, saying that all the delays were granted by the request of both sides of the controversy and the Board was not at fault.

On motion of McEvoy, seconded by Eikerenkotter, the matter was laid over until September 7th, when all petitioners are expected to be present.

Charles Vielh presented the following communication:

Colma, Cal., August 12, 1904.

The Honorable Board of Supervisors of the County of San Mateo, State of California.

Gentlemen:—I have the honor to inform your Board that certain persons in the employ of the Masonic Cemetery Association, or of one M. Simionoff, have erected a fence across "K" street in the City Extension Homestead, completely blocking said street to public use and travel. "K" street is a public highway and has to my personal knowledge, been in use as such for over nine years last past. Armed men have been stationed on guard to prevent the removal of said fence, and it is dangerous for any one to attempt to do so. Meanwhile the use of the street is absolutely prevented. It is especially inconvenient to me, and those having occasion to approach my house with heavily laden teams, as the haul over Fourth avenue is too difficult. The same parties have erected fences across "H" and "I" streets and First avenue, in said Homestead, and they are all closed to public travel. All of these streets are public highways, and have been used as such for more than ten years, and they were dedicated as streets when said homestead was established and the map thereof filed in the County Clerk's office.

"I therefore request that your Board cause said obstructions to be removed from all of said streets, and that the same be kept open hereafter for public use and travel."

A communication was also read from N. Perata and others. It is as follows:

Colma, Cal., August 13, 1904.

"To the Honorable Board of Supervisors of the County of San Mateo, State of California.

Gentlemen:—Your attention is called to the fact that a fence has been erected across Fourth avenue in the City Extension Homestead by certain persons in the employ of either the Masonic Cemetery Association or the Old Fellows' Cemetery, at the point where L street intersects said avenue, and that said fence is an obstruction to the free use of said avenue by the public. That armed men are guarding said fence day and night to prevent its removal. That to attempt its removal by a private person might cost that person's life. Said fence has been erected and maintained wrongfully and in violation of the rights of property owners in said homestead, and of the public at large, said avenue being a public highway, and having been used as such for more than ten years. It has also been accepted and declared to be a public and county street by resolution of your Board adopted many years ago.

"We respectfully state that we are owners of property which is reached over said avenue, and that we have occasion to use said avenue in going to and from our nursery. That the obstruction of said avenue is a great injury to us and to the public.

"We therefore ask that you cause said obstruction to be removed at once by the proper officer."

On motion of McEvoy, seconded by Eikerenkotter, both communications were referred to the District Attorney to report at the next meeting of the Board. There is a difference of opinion as to whether or not the thoroughfare are

public highways and the Board does not propose to launch itself into any difficulty by reason of hasty action.

The following letter was received from Major Sherman, secretary of the Sloat Monument Association, and read by the Clerk:

"Oakland, Cal., August 13, 1904.

"Hon. H. W. Schabert, County Clerk, San Mateo County, Redwood City.

"Dear Sir:—Your cheering and welcome but unexpected letter came to hand this day, for which please receive my sincere thanks. I have just sent the order for your county stone; but please send me the date of the Act of the Legislature creating the county, that I may have it cut on the stone. When ready to be laid I will let you know.

"Your Board of Supervisors having taken favorable action, I shall send you for them, and your office, six copies of the Life of the late Rear Admiral John Drake Sloat, U. S. N., which I will send you by express on Monday, but let them pay the express charges.

"I go to Monterey in the morning and will return on Monday, and in a few days will write you further."

McEvoy thought that native stone of the county should be furnished. At his suggestion the Clerk was instructed to write Major Sherman that the county would supply the stone and inquire concerning the dressing and inscribing of same.

McEvoy was appointed by the chairman to select the stone.

The following communication from W. S. Melick, Secretary of the State Board of Examiners, was read and referred to the Clerk:

Sacramento, August 3, 1904.

County Clerk, Redwood City, Cal.

"Dear Sir:—In your claim against the State for support for Orphans and Half Orphans for six months ending June 30, 1904, there seems to be a mistake in the matter of the three McDonald children. Your county allows the mother \$8 per month for the three children. Undoubtedly you have not been apprised of the fact that two of these children, Elizabeth and James, have been in the Good Templars Home since May 14, 1902 and that institution has been drawing said for them from the State. Before auditing the claim the Board of Examiners wishes to ask for information regarding the children as to whether Mrs. McDonald should receive only aid from the county for the one child—John."

The petition of P. J. Kelly and others for permission to establish a cemetery in the northern end of the county was laid over until the next meeting.

Owing to the illness of District Attorney Ballock the automobile ordinance that was to have been passed upon at this meeting was laid over.

Anticipating that action would be taken, Messrs. R. P. Schwerin and Geo. A. Pope of San Mateo brought their machines to Redwood for the purpose of aiding the supervisors in determining in a practical way the speed limit to be imposed. The machines were placed at the disposal of the Board and had the District Attorney been able to attend, tests would have undoubtedly been made. It may be stated in this connection that Messrs. Schwerin and Pope, representing the law-abiding automobilists of the county, will co-operate with the Board in the enactment of suitable laws imposing restrictions of which no reasonable person can complain.

The session of the Board was visited by Messrs. Chas. C. Moore and L. P. Lowe, representing the San Francisco automobile clubs, whose presence was for the purpose of inducing the body to be as lenient as possible with the city chaps. Their visit was unnecessary and they will undoubtedly come again.

Judge E. F. Fitzpatrick was present, prepared to represent certain clients in this connection, and will appear again at the next meeting.

Afternoon Session.

The Board met at 1:30 o'clock pursuant to adjournment during the morning session, all members answering rollcall.

Chairman Coleman asked for permission to direct the County Surveyor to prepare plans and specifications for a concrete arch and bridge across San Mateo creek on the Crystal Springs road near the cemetery pump station.

On motion of McCracken seconded by Debenedetti, the request was granted.

Surveyor W. B. Gilbert presented plans and specifications for a new steel-span bridge on the county road near the Donald place, San Mateo. The Surveyor's estimate for the work is \$1650.

On motion of Debenedetti seconded by McCracken said plans were accepted and the Clerk instructed to advertise for bids which will be opened September 7th.

The Surveyor also presented plans and specifications for extending and widening the present brick arch bridge near the Homestead school house, San Mateo. The estimate for the work was \$625.

On motion of Debenedetti seconded by McCracken, the Clerk was instructed to advertise for bids, said bids will be opened September 7th.

Plans and specifications were also prepared for a concrete bridge over Dry creek at Dalve's Hotel, Woodside. The estimated cost of doing the work was \$1420.

On motion of McEvoy seconded by McCracken, the plans were accepted and the Clerk instructed to advertise for bids, which will be opened September 7th.

The dedication of Sequoia Union High School last Monday will be long remembered in Redwood as one of the most interesting affairs ever to have happened within its limits. The big reception room in the first floor of the building was crowded to its utmost capacity, and in the hallway adjoining, standing room was at a premium.

Miss Howard, the new German teacher, presided at the piano, playing the different high school airs which were sung by both scholars and guests.

Dr. Jordan, of Stanford University, made the first address. Dr. Jordan complimented the people on the progress they had made, educationally, and then concluded his address with a few remarks about the good features of life in Redwood City.
